ACCESS TO THE SYSTEM

The accreditation application procedure begins with users' subscription to the UCI Get Your Event Platform.

The UCI Get Your Event Platform can be accessed by visiting the login page: <http://uci.getyourevent.online>

The screenshot shows the login interface for the UCI Get Your Event Platform. At the top, there is a logo for 'GetYourEvent' with a colorful circular icon and the 'UCI' logo in large, bold, black letters. Below the logos, the login form is centered. It includes a label 'E-mail/Username' above a text input field with the placeholder 'Enter your email/username'. Below this is a label 'Password' above another text input field with the placeholder 'Enter your password'. A link 'Forgot password?' is positioned below the password field. Underneath, there are two options for creating a new account: 'Create new media account (Written content & still photos only published in Print newspapers & magazine, social media channels, websites etc.)' with a red 'X' icon, and 'Ask an account for Filming & Audio content (audio visual) broadcasted on radio, TV, social media channels, websites etc. (incl. if video interviews only)' with a green checkmark icon. Below these are three links, each preceded by a small circular icon with a flag: 'Written Content Journalists and Photographers System Guide' (UK flag), 'AudioVisual RadioTV UserGuide' (UK flag), and 'Change Language guide' (French flag). At the bottom right of the form is a 'Sign in' button.

Every user can enter the system with USERNAME and PASSWORD received by UCI.

Changing the password

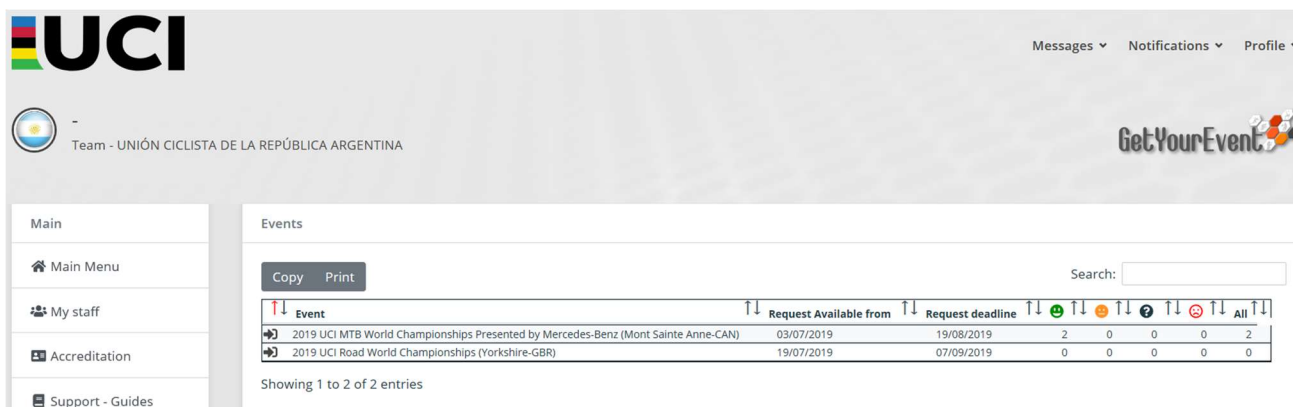

After the first access to the system, every user can change the password from the 'Settings' page of the Profile menu.

Recovering the password

The password can always be recovered by clicking on the 'forgot password' link in the login page and entering the email address associated to the Company account, where the password will be sent.

Homepage (Main Menu)

The homepage (always reachable by selecting Main Menu) displays the active events with details about activation, deadline and the accreditation requests already submitted (see dedicated paragraph)

The screenshot shows the UCI homepage for a team. The header includes the UCI logo, a team profile for 'Team - UNIÓN CICLISTA DE LA REPÚBLICA ARGENTINA', and links for Messages, Notifications, and Profile. A 'GetYourEvent' logo is also present. The left sidebar contains a 'Main' menu with options: Main Menu, My staff, Accreditation, and Support - Guides. The main content area is titled 'Events' and features a table of active events. The table has columns for Event, Request Available from, Request deadline, and a series of status icons. Two events are listed: '2019 UCI MTB World Championships Presented by Mercedes-Benz (Mont Sainte Anne-CAN)' and '2019 UCI Road World Championships (Yorkshire-GBR)'. A search bar and 'Copy'/'Print' buttons are also visible.

FILLING THE COMPANY ACCOUNT

Before proceeding to the accreditation requests, it will be necessary to enter in the system data concerning the Company Management and Staff members for whom accreditations will be required.

In order to do so, it will be necessary to select 'my staff', from the left menu of the main page.

Adding a new user

By clicking on the blue button 'more', the page will display more functionalities.

The screenshot shows the 'My staff' page in the UCI system. The left sidebar has 'My staff' selected, indicated by a red arrow. The main content area is titled 'Users Accreditation Table'. It includes a 'Clear Form' button, a green 'Filter' button, and a file upload icon. Below these is a table with one entry: 'Active only' and '2020 UCI Cyclo Cross World Championships'. At the bottom, it shows 'Quota 2: Used 0; Available 2'. A blue 'More' button with a dropdown arrow is circled in red on the right side of the table.

When users click on the green button **+ Add a new member to my staff** they will enter a page where they will have to fulfil personal data of National Federation Delegation, Accompanying or Staff members.

Users will have to fulfil all the compulsory fields that are marked with a red asterisk.

Confirm e-mail

Those fields not marked with an asterisk can be left not filled.

However, for some events they might be necessary: in that case, before completing the accreditation for those users' data are not available, it will be required to complete the information.

Once every compulsory field is filled, users can click on 'Save'. Compulsory fields may vary depending on the function.

① IMPORTANT TIP

It is not possible to associate the same e-mail address to more than one name

Fulfilling the e-mail address field is important, however it must be done only if the email address belongs to the user you are registering. If you do not have his/her personal email address, please do not fill this field.

Uploading a user's picture

After clicking the 'Save' button, users will be asked to upload an ID photo by browsing their computer hard disc. The picture must be in .jpg format, and should not exceed 1.5 MB.

For an easier deliver of your badge we ask you to upload your ID photo.
 By uploading it, you will find your badge already printed at the accreditation centre.
 In any case, if you do not upload it, a photo can be taken on-site to complete the accreditation procedure

Warning

Photo must be a headshot, preferably on a 103x103 pixel size. Photos on a different size will be modified and adapted. Accepted formats: jpg, and gif. Photos with hats and sunglasses may be discarded.

Foto upload

After uploading the picture, users will have the possibility to check it and change it if necessary. When users are ready with the right picture uploaded, they can click on 'Finish' and the 'new member' is added to 'your staff'.

❗ IMPORTANT TIP

Picture is not compulsory, but...

Picture is not compulsory, as it is possible to take it at the accreditation centre. However, uploading a picture will guarantee that the badge will be printed in advance and ready for instant pick up instantly at the accreditation centre.

Updating or deleting a user

It is possible at any time to update, modify or delete any users' data. The list of those members is always accessible by selecting 'my staff' from the main menu.

The order they are displayed can be changed by clicking on the grey arrows besides the column headers.

However, especially when the list contains many names, it can be useful to search for a specific one of them by typing it in the search box. The search box can be used to search either first or last names.

Once the member has been found, his/her personal data can be modified by clicking on the pencil icon under the 'Users' column.

Step 3: Submitting an accreditation request

A list with all the members of your Company stored in the system is displayed in this page; the order names are displayed, can be changed by clicking on the grey arrows besides the column headers.

However, especially when the list contains many names, it can be useful to search for a specific one of them by typing it in the search box. The search box can be used to search either first or last names.

A page with all the different kind of accreditation that can be asked for the event will be displayed. The function originally chosen for the user you are applying for, will be pre-set.

📌 IMPORTANT TIP

Function can be temporarily changed

You can apply for a user assigning her/him a different function than the one he has on his personal profile. This change will be temporary and valid only for the event you are applying. For a permanent change of function, it will be necessary to modify the users' personal data.

After you will have clicked on insert request, the platform will show you a page summarising data stored about the person you are applying for. You must carefully check their correctness.

After checking those data you can either choose to apply for accreditation by clicking on 'insert request' or modify any of them, including the picture, by clicking on Edit.

❗ IMPORTANT TIP

Deleting a user whose request has already been evaluated will not change your quota

When an evaluated accreditation request will be marked with a lockpad icon it will neither possible to modify it nor to delete it. We recommend you not to delete the user: the request will remain, the number of accreditation requests available will not change and you will have to enter again that user's data if you will need to apply for his credential in future events.

A lock pad may also appear besides all those users who have not been accredited: this will happen either if the total quota has been exceeded or the accreditation deadline has expired.

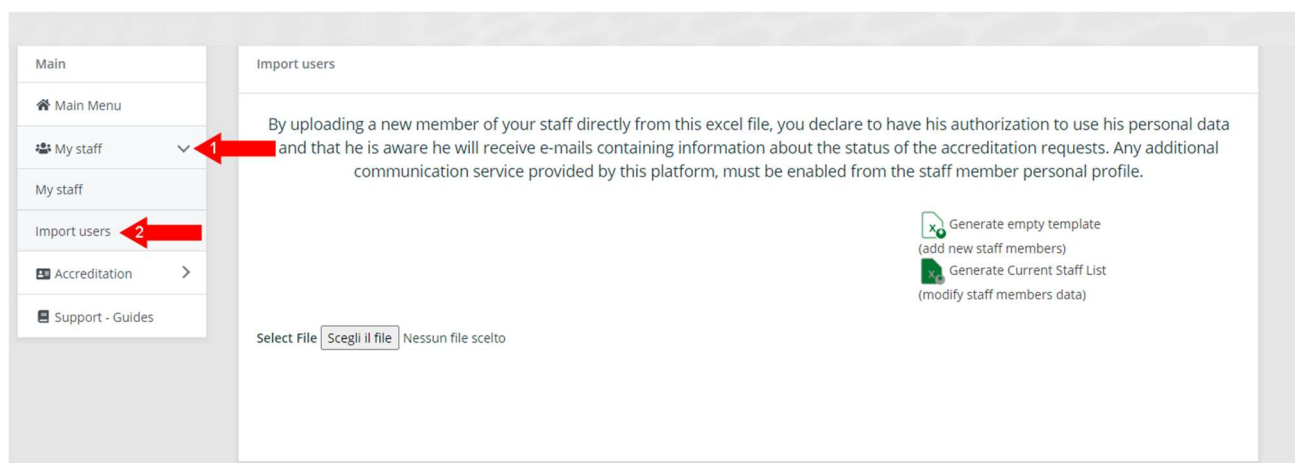

EXCEL IMPORT FUNCTIONALITIES

The system allows using excel files to import several records at the same time: by using the excel import functionalities, users will be able to import or/and apply for accreditation for several staff members, simply preparing their data on an excel file.

Importing staff members

By selecting Import Staff from the My Staff sub-menu, users will access a page where they can import excel files to both enter new staff members and modify those already stored.

By clicking on Generate Empty Template, users will download a template to fulfil with information about the new staff to enter.

❗ IMPORTANT TIP

Check dedicated paragraphs for error management

Errors caused by an incorrect fulfil of the excel file or naming and format of the photos, can occur during the import process. Please refer to the dedicated paragraph of this guide for their management.

Modify Staff data with Excel

By entering the same section used to import staff members, selecting Import users from the My Staff sub-menu, users will have the possibility to modify staff data directly from an excel file.

By clicking on Generate Current Staff list, users will download an excel file with all data concerning their staff, stored in the system.

📘 IMPORTANT TIP

Keep in the file only the records you want to modify

Users can either delete the rows (records) they do not have to modify, or leave them on the file: however it is suggested to remove them for a quicker upload procedure.

In order to change a staff member data, users simply need to modify the values in the cells of the excel file and save the file. Then they will have to choose select file, browse the computer and locate the file they have prepared.

The system will show users the file they have selected. If the selection is correct, users can finally click on Upload Excel.

After clicking on Upload Excel users will have an import preview displaying the changes they are about to apply

Upload an accreditation file

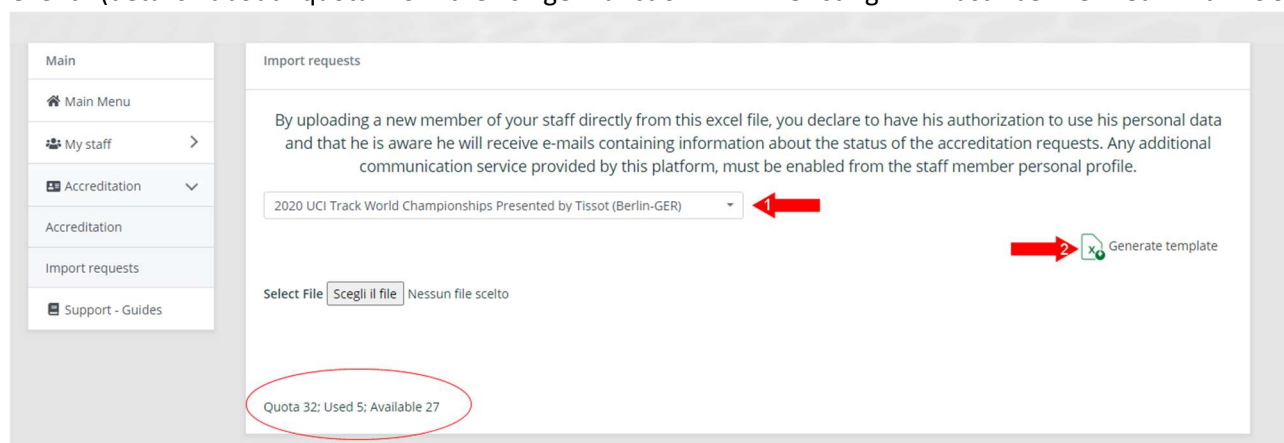

Step 1 Select the event

By selecting Import requests from the Accreditation sub-menu, users will access a page where they will have to select the event they want to import an accreditation excel file.

Step 2 Download the Staff list file

After selecting the event, they will have information about the number of accreditation still available for that event (details about quota for the single function – if existing – must be verified with UCI).

By clicking on  Generate template users will be able to download the full list of their staff.

Step 3 Work on the Staff list file

Users can edit the Staff list file, preparing the accreditation list by:

- deleting those staff members that will not be taking part to the event
- revising and editing data for those staff members who will take part to the event

❗ IMPORTANT TIP

Always consider total and function quotas, if existing

While editing the Staff list file, turning it into the accreditation file, users must consider both total and function quota assigned by UCI. The system will not allow the upload of records exceeding the established quotas.

❗ IMPORTANT TIP

You can import accreditation requests and new staff members at the same time

If you enter data of a new staff member directly into the accreditation file, and the accreditation file is uploaded without errors concerning his record, he will be automatically added to your company staff.

❗ IMPORTANT TIP

Check dedicated paragraphs for error management

Errors caused by an incorrect fulfil of the excel file or naming and format of the photos, can occur during the import process. Please refer to the dedicated paragraphs of this guide for their management.

❗ IMPORTANT TIP

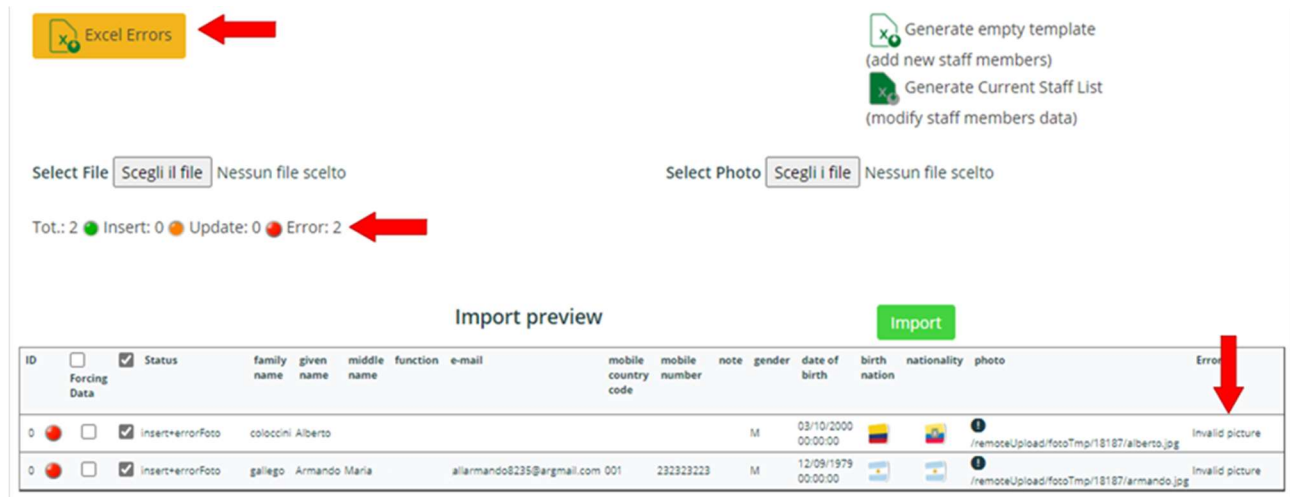

Download the Error Excel file: it is useful!

The file with the errors is very useful: it does highlight in grey the whole lines (records) containing errors, and in red those fields where the error is located. The correct lines (record) are still kept in the file (in white), allowing user to easily correct the errors directly on the file he has just downloaded, working on the red cells.

Photo error

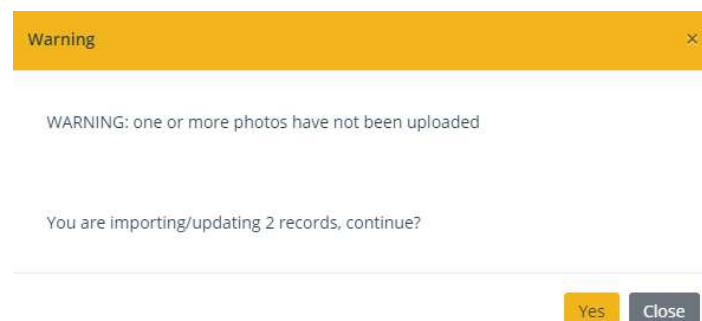

If one of the photo files names (or more than one of them) mentioned in the excel file, is different from those that have been selected for the upload, the system will return an error message. The summary of the import errors will be available for download (yellow excel icon button).

The screenshot shows the import interface. At the top left, there is a yellow button labeled 'Excel Errors' with a red arrow pointing to it. To the right, there are two green buttons: 'Generate empty template (add new staff members)' and 'Generate Current Staff List (modify staff members data)'. Below these, there are two 'Select File' sections, each with a 'Scegli il file' button and the text 'Nessun file scelto'. Below the 'Select File' sections, there is a summary: 'Tot.: 2' (green dot), 'Insert: 0' (orange dot), 'Update: 0' (orange dot), and 'Error: 2' (red dot) with a red arrow pointing to it. Below this is the 'Import preview' section with a green 'Import' button. The preview table has columns: ID, Forcing Data, Status, family name, given name, middle name, function, e-mail, mobile country code, mobile number, note, gender, date of birth, birth nation, nationality, photo, and Error. The table contains two rows, both with 'Invalid picture' in the Error column. A red arrow points to the 'Error' column header.

Should user decide to proceed anyway with the import, the system will warn him that one or more than one picture will not be associated to the new staff member record.

The warning dialog box has a yellow header with the text 'Warning' and a close button. The main text area contains the following messages: 'WARNING: one or more photos have not been uploaded' and 'You are importing/updating 2 records, continue?'. At the bottom, there are two buttons: 'Yes' and 'Close'.
